RESCUED FROM THE BODY OF DEATH

I am told that the naturalists can show you a cross section of a great tree they have cut, and point out that the rings of the tree reveal the developmental history, year by year. Here is a ring that represents a year when there was a terrible drought. Here are a couple of rings from years when there was too much rain. Here is where the tree was struck by lightning. Here are some normal years of growth. This ring shows a forest fire that almost destroyed the tree. Here is another of savage blight and disease. All of these lie embedded in the heart of a tree, representing the autobiography of its growth.

Isn’t that the way it is with us mortal beings? Beneath our protective bark, the protective mask, are the recorded rings of our lives. There are the scars of past painful hurts. Note, the discoloration of a terrible sin committed in our early life of which we seem unable to blot out. Then there is the circle of some secret fears and a traumatic experience.

In the rings of our thoughts and emotions, the record is there. The memories are recorded, and are all alive. And they directly and deeply affect our concepts, our feelings, our relationships.

They affect the way we look at life, God, at others, and ourselves. These are even more reasons we need Christ. The apostle Paul, viewing the carnal nature of man cried out, "what a wretched man I am. Who will rescue me from this body of death? Thanks, be to God through Jesus Christ our Lord." (Romans 7:24-25)

Jesus Christ died to provide a way to God. We all want to know that someone understands the assaults of Satan, the pressure of an immoral society, weakness of our need of mercy. All need the assurance Christ offers to forgive and to plead our case with a merciful Father. The response of our faith brings deliverance from sin and rescue from the body of death.

Praise God we can bring Christ our broken lives!
